

THE KAUFMAN ROSSIN INTERNSHIP EXPERIENCE

**KAUFMAN
ROSSIN &
CO.** PROFESSIONAL
ASSOCIATION
CERTIFIED PUBLIC ACCOUNTANTS

SEE BEYOND THE NUMBERS

WELCOME TO KAUFMAN, ROSSIN & CO.

Explore your opportunities with us this summer.

An internship with Kaufman, Rossin & Co. is a summer adventure more rewarding than the average internship. Of course you'll be integrating your coursework learning with hands-on knowledge and gaining additional credentials to round out your resume—that's to be expected from any internship.

What you may not expect is our culture. At Kaufman, Rossin & Co. we work in a culture that nurtures creativity, rewards innovation, and encourages professional growth. When you intern with us, you'll learn with us, you'll work with us, and you'll play with us.

What sets us apart?

- The work is challenging.

We don't just help our clients comply with regulations – we help them see beyond the numbers. In addition to traditional audit, tax and accounting services, we've developed sophisticated practice areas like back office administration for hedge funds and SOX 404 consulting for public companies.

- We invest in technology to improve the quality of life.

Our professionals should be focused on professional work, not on paperwork. So we've gone entirely paperless. Every client file is accessible from anywhere, at the click of a mouse. Double monitors let you work on a client file and research questions simultaneously. When existing programs weren't good enough, we built our own.

- Our environment demonstrates our culture.

We've completely renovated and expanded our office to make it a beautiful, comfortable place to work. Our sauna, gym and massage room outshine any workplace we've seen. We work hard together, and we play together too.

Interning with us means more than learning from us. It means being a part of our winning team.

Our focus on the professional development and satisfaction of our employees was recently recognized by the *South Florida Business Journal*, who named us the Best Place to Work in South Florida, among companies of comparable size. As further testament to the Firm's growth, job creation, and community involvement, the *South Florida Business Journal* recognized Kaufman, Rossin & Co. as the Business of the Year 2005 and again in 2006 in the Professional Services category.

We've got a comprehensive program for you.

Our twelve-week rotating internship program is divided into four terms. This is the perfect way to explore several functions of a top CPA firm. By exploring everything we do, you can get a better feel for your interests, helping you to focus your future studies.

1. Tax (3 weeks)
2. Accounting Services (3 weeks)
3. Audit (3 weeks)
4. Litigation Consulting (3 weeks)

However, if you already have a specialization, we can arrange to have you work exclusively with the department of your choice for the duration of your internship.

What can you expect from us?

- o You'll be welcomed as one of us, with some of the best benefits that come with being a full-fledged employee.
- o You'll learn on the job how an active firm operates, both inside the office and interacting with clients in the field.
- o You'll work on interesting live engagements.
- o You'll receive guidance from some of the friendliest and most knowledgeable people in the industry.
- o You'll find a mentor to befriend and guide you during your stay, and on into the future.
- o You'll have a chance to explore our different departments to find a specialty that best suits your interests.

What we will expect from you...

- o You'll ask us a million questions.
- o You'll meet the learning goals of each assignment and each term.
- o You'll have fun working with us, learning with us, and playing with us.
- o You'll keep a journal each day, noting assignments you worked on, questions you have and answers you discovered.
- o You'll share your ideas, suggestions and opinions with us.
- o You'll keep in touch with us after the program has ended, informing us of your progress through school and through life.

BRINGING IT ALL TOGETHER

At the end of your internship, we'll bring it all together.

- o We'll talk about your performance during our time together, at your exit interview.
- o We'll ask for your candid opinions in an evaluation.
- o We'll talk about the prospects of working together in the future.
